SP TIRE SIPER

PRODUCT FEATURES

- The **SP Tire Siper** is designed exclusively for passenger car and light truck tires.
- SP Siper is priced to fit a smaller budget.
- No accessories are required making this unit perfect for many applications.
- Designed to accommodate mounted tires, the SP Siper is built to last, giving you many years of dependable service.
- It's easy to operate with training provided.
- It's fast; the process takes as little as 4 minutes per tire to perform.
- Drivers everywhere are asking for siping because it's proven ability to increase overall tire performance. If you are not offering tire siping you're losing money and customers.
