

# 1200R TIRE TRUER

The 1200R Tire Truer is specifically designed for hand truing tires and it produces a flat surface or can be "eyeballed" to cut with the curvature of the tire.

## SHIPPING SPECIFICATIONS:

53" L x 48" W x 54" H  
495 lbs shipping weight

## PRODUCT FEATURES

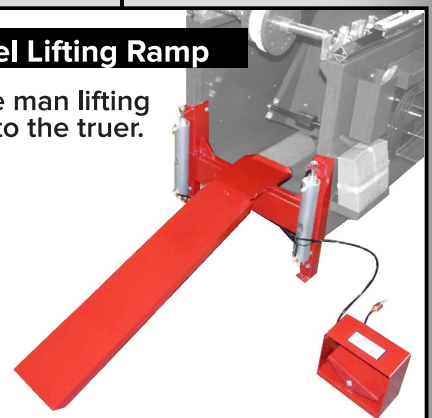

The **1200R Tire Truer** is designed for all passenger and commercial tires, and has an added feature very useful for racing applications. Cuts in a flat plane across the tread surface and can be adjusted to cut a camber of up to 5 degrees for racing tires. Comes with A1-A6 adapter plates. This truer is capable of shaving up to 18" wide tires and works with wheels sizes up to 24.5".

- Ball bearing blade motor with fixed shaft prevents tire gouging.
- Rotary stone blade sharpening system.
- Equipped with safety blade guard.
- Minimum set up time needed for fast one person operation.
- Simple master control panel designed for easy operator use.
- Adapter plates available to fit most wheel lug patterns.

## OPTIONAL ACCESSORIES

### #6365 Wheel Lifting Ramp

For easy one man lifting of wheels into the truer.

Rev. 04.09.2019
